OBJECTIVE

Detail-oriented and motivated fresher with a solid foundation in HTML, CSS, JavaScript, jQuery, React.js, Python, Django, and SQL. Driven to apply my technical knowledge in both front-end and back-end development to create innovative and user-focused web applications. Actively seeking an entry-level position to enhance my expertise, collaborate with a dynamic team, and contribute to impactful projects.

SKILLS

- **Front-End:** HTML, CSS, JavaScript, React.js, jQuery
- **Back-End:** Python, Django
- **Database:** MySQL, SQL
- **Tools:** PyCharm, Visual Studio Code, MySQL Workbench
- **Version Control:** Git, GitHub
- **Soft Skills:** Problem-Solving, Communication, Teamwork, Quick Learner, Adaptability

EDUCATION

Bachelor of Engineering in Computer Science and Engineering   *Chennai, India*
Jeppiaar Engineering College Affiliated to Anna University   *June 2020 - June 2024*
- **CGPA:** 7.8/10

Higher Secondary (12th Grade)   *Villupuram, India*
Government Higher Secondary School   *March 2019 - April 2020*
- **Percentage:** 64%

Secondary School (10th Grade)   *Villupuram, India*
Government High School   *March 2017 - April 2018*
- **Percentage:** 74%

CERTIFICATIONS

- Python Full Stack Development Course – Besant Technologies, Bengaluru
- ChatGPT Course – GUVI (Naan Mudhalvan Platform)
- Python Certification – Hacker Rank

PROJECTS

Online Shopping Website   *July 2024 – August 2024*
- Developed a fully responsive e-commerce interface using HTML, CSS, and JavaScript.
- Built dynamic components using React.js with effective state management.
- Integrated features such as product listings, search functionality, and shopping cart.

Human Disease Detection Using Deep Learning   *November 2023 – May 2024*
Jeppiaar Engineering College
- Developed a CNN-based model to detect diseases from medical images with high accuracy.
- Applied image preprocessing and augmentation techniques to improve model performance.
- Achieved robust classification through model validation and fine-tuning.

INTERNSHIP EXPERIENCE

Web Development Intern   *Chennai, India*
Code Bind Technologies   *February 2023 – May 2023*
- Developed and optimized SQL queries to improve backend system performance.
- Enhanced user experience by implementing interactive features and streamlining database connectivity in web applications.

LEADERSHIP EXPERIENCE

Coordinator – Blood Donation Drives   *February 2023 - May 2023*
Jeppiaar Engineering College
- Coordinated multiple blood donation drives, partnering with hospitals and agencies to ensure smooth operations.
- Managed logistics, volunteers, and outreach to maximize participation and awareness.
