PROFESSIONAL SUMMARY:

Application Support Engineer with 1+ years of experience supporting enterprise applications in retail and e-commerce environments. Experienced in production support, incident management, application monitoring, troubleshooting, root cause analysis, SQL-based data validation, and application log analysis. Skilled in Oracle SQL, MySQL, Linux fundamentals, REST APIs, Postman, Git, and production issue investigation. Familiar with Generative AI, LLM fundamentals, prompt engineering, and using AI tools to assist with troubleshooting, log analysis, documentation, and knowledge discovery. Experienced in collaborating with development, QA, and business teams to resolve production issues and maintain application stability.

TECHNICAL SKILLS:

- **Databases:** Oracle, MySQL
- **SQL:** Joins, Subqueries, CTEs, Window Functions, Aggregations, Views, Indexes, EXPLAIN, Transactions
- **Application Support:** Production Support, Incident Management, Troubleshooting, RCA, Monitoring, SLA, Escalation
- **Linux:** ls, cd, grep, find, tail, head, ps, top, df, du, Permissions
- **Logs & Monitoring:** Log Analysis, Error Identification, Application Monitoring
- **REST API:** GET, POST, PUT, DELETE, HTTP Status Codes, JSON, Postman
- **Ticketing & ITSM:** ManageEngine, Jira, ServiceNow, Incident, SLA, Escalation
- **Web Technologies:** HTML, CSS, React.js, JavaScript
- **Programming:** Python, Scripting, API Integration
- **Version Control:** Git, GitHub
- **AI & GenAI:** Generative AI, LLM Fundamentals, Prompt Engineering, AI-assisted Troubleshooting, Log Analysis
- **AI Tools:** ChatGPT, Copilot, Claude
- **Tools:** Oracle SQL Developer, MySQL Workbench, Microsoft Excel, App works, VS Code
- **Soft Skills:** Problem Solving, Communication, Analytical Thinking, Collaboration

WORK EXPERIENCE

Application Support Engineer

Ideas 4 Transformation, Bengaluru | Aug 2025 – Present

Client: Landmark Group (Retail & E-commerce)

- Provided production support for Oracle Warehouse Management System (WMS), ensuring high application availability and smooth business operations.
- Investigated and resolved application and database-related production incidents using Oracle SQL, reducing incident resolution time by 20%.
- Performed application monitoring, log analysis, and root cause analysis to identify and resolve critical production issues.

- Executed SQL queries for data validation, issue investigation, and troubleshooting, maintaining 99%+ data accuracy.
- Supported inventory management, order processing, and retail business workflows by ensuring seamless application functionality.
- Collaborated with development, QA, and business teams to resolve incidents, implement fixes, and improve application stability.
- Managed production issues and service requests while adhering to SLA timelines and support processes.
- Supported data synchronization across retail sales channels, including Amazon, Flipkart, Myntra, and AJIO, ensuring consistent and reliable business operations.

Database & Web Development Intern

CodeBind Technologies | 3 Months

- Developed responsive web pages with React.js and connected them to MySQL databases.
- Implemented basic e-commerce functionalities with database-driven backend support.

PROJECTS

Application Monitoring & Production Support

- Monitored enterprise retail applications and investigated production issues using Oracle SQL.
- Performed data validation and root cause analysis to identify and resolve application and database-related issues.
- Collaborated with cross-functional teams to improve application stability and support business operations.

Inventory Reconciliation & Data Validation

- Executed SQL queries to validate inventory data across warehouse and retail systems.
- Identified and resolved data inconsistencies using joins, subqueries, and aggregate functions.
- Improved data accuracy and reduced manual verification efforts by optimizing SQL-based validation processes.

EDUCATION

Bachelor of Engineering – Computer Science and Engineering

Jeppiaar Engineering College, Chennai

Anna University | 2020 – 2024

CGPA: 7.89 / 10
